

Zettonics Modular Optical Infrastructure TEN²¹ - 5 Position Chassis

The Zettonics TEN²¹1U chassis, mountable in 19-inch racks (other options available) provides user-friendly and flexible connectivity when combined with Zettonics TEN²¹ cassettes, harnesses, trunks and patch cords. The simple design allows 5 cassettes to be loaded from either the front or rear with easy, fast and secure latching. It provides a flexible high density system for managing fibre terminations, cabling and patching in data centre and LAN applications, optimising rack utilisation and minimising floor space.
